ITALIAN DESIGN

Winter 2020

A close-up photograph of a human hand with the fingers spread. The fingers are painted with the colors of the Italian flag: the index and middle fingers are green, the ring and pinky fingers are red, and the thumb is white. The palm is also painted with these colors, with green on the left side, white in the center, and red on the right side. The background is a light gray, textured surface.

FEMMINELLO - created from an experience team of Italian Tile Industrial Experts.

Loyal to Nature, Determined to Innovate.

Pursuing the design tradition of Italian ceramic tiles, keeping the benefits of those from Italy and maximizing the usage from manufacturing them in China.

CONCEPT OF DESIGN

The **Marble Collection** is the perfect interpretation of Femminello. “Loyal to nature, determined to innovate”. The Marble Collection focuses on the realistic reproduction of precious marbles and carefully selects rare marbles from Italy, Greece and Turkey for replication. In order to ensure that every texture is natural and moving, and incorporate the latest ceramic tile technology, the gorgeous effect of precious marble and the safe and durable characteristics of modern material technology can be presented in the space at the same time through the many faces of design in each product.

半島系列

CONCEPT OF DESIGN

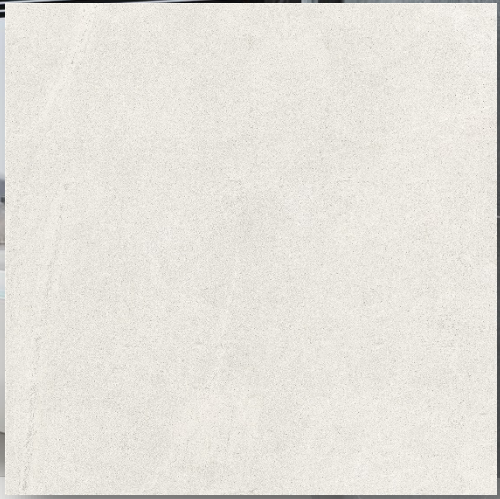

In the distant Scandinavia, the unique geographical environment gave birth to the unique mountains and rocks of Northern Europe, which are like purified primitive rocks and the darling of space design. Inspired by this, Femminello Ceramics collected Nordic characteristic stone materials, and created the **Peninsula Collection** of ceramic tiles based on this. It combines the simple design trend with the functionality pursued by modern industry, and provides excellent materials for boutique home design through the many faces of design in each product.
